MISSION

Help believers gain a comprehensive understanding of the Quran and restart to base on this Divine Book in order to produce solutions to social and scientific problems of all eras, at all locations.

This is also the mission that Allah has imposed upon Muslims:

«Thus, We have made you a community at the center (of the civilizations) so that you may be a model for the people and that the Messenger (what he brought as a Messenger) may be the model for you.» (al-Baqarah 2:143)

VISION

To unite people on the basis of «fitra», which is, Islam, the only religion that Allah the Almighty has sent down to prophets from Adam to Muhammad:

«So set your face duly and steadily to that religion, the rules that apply to all beings (the fitra) set by Allah. He has created humankind in compliance with it. There is nothing to substitute what Allah creates. That is the upright religion, but most people do not know.» (Rum 30:30)

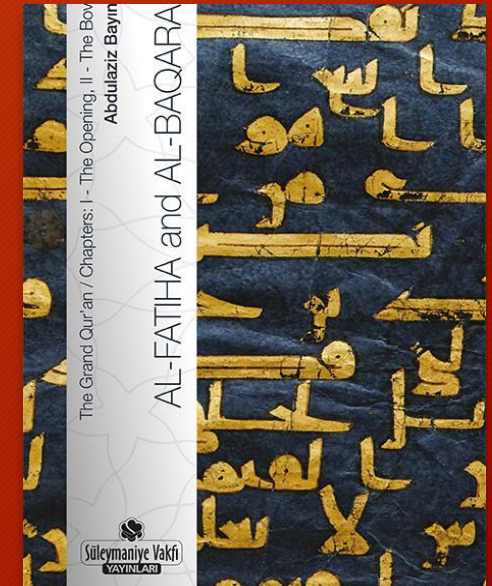

«The religion in the sight of Allah is Islam» (Al-e Imran 3:19)

OBJECTIVES

- Understanding the Quran -the Message of Allah the Almighty- and spreading it to the people who are in search.
- Reminding people the fact that they already know the existence and unity of God.
- Encouraging believers to reconsider life in the light of the Quran.
- Manifesting the fact to nonmuslims that the Quran is the final divine book which attests confirmation to the previous scriptures.
- Bringing scientists together with the information in the Quran to provide improvement in all branches of science.
